Project Part One (continued): Revised Project Plan
Refining your Dependent Variable and Getting Permissions if Needed

Your name: ________________________ Email ______________________________
Phone Number: _____________________ Other contact information: _____________

1. What is the general area for your project? (Use key words the way you would for a
   literature search) ______________________________________________

2. What specifically will you count? _________________________________________

3. What population will you be working with? ________________________________

4. What permissions will you need to obtain? ________________________________
   When do you expect to have the permissions in hand? _______________________

5. During what hours and what days will you be taking data?
  _____________________________________________________________________
   ______________________________________________________________________
   ______________________________________________________________________
   ______________________________________________________________________

6. Sketch the data recording form you plan to use. If you need more space, use the back of
   this page or attach a separate sheet.
